

# Alt Piazza

okamura

# You define how you work.

Today's office is more than a place of work. The office must meet the diverse needs of its employees, so they can do their best work. Alternative zones let everyone choose where and how they want to work. Switching between their private desks and high-energy shared spaces.

The Alt Piazza collection creates cafe-style work environments. So you can get a break from your office, in your office.

## Alt Piazza

### Vintage Elm (MW74)

Mimics the worn texture of reclaimed Elm, with slight remains of sanded white paint.

### Sawn Oak (MW72)

A rough hewn aesthetic and texture, in a rich Oak color.

### Chalked Elm (MW71)

The patterning and hue of chalk-painted Elm. Simple and muted.

### Rustic Pine (MW73)

Earthy, rustic, and uneven, with gnarled and cracked tops — in a red-brown tone that looks as though it's been aging for years.

## Wood laminates

The look and feel of solid wood, the reliability of a laminate. The residential feel gives you a touch of home away from home, with the durability necessary for office spaces.

# 01

## A desk away from your desk

Touchdown spaces are perfect for light work, a creative boost, collaboration, or simply a change in scenery.

### Standing height table and 4-leg stools

Sit. Stand. Work alone, or collaborate. Approachable furniture enables connections, and connections bring new ideas. Outlets under the tabletop keep cords neat and give you the power you need to focus.

### LED light

Designer lamps create relaxing, warm light that mimics natural light. Tap to touch on/off, or hold to dim the bulb.

# 02

## Regroup and align

Touchdown points let you catch up with coworkers, find common ground, and move forward together.

### Round table

A central, round table naturally encourages engagement in meetings and casual conversation. Available in a range of heights and sizes: coffee, meeting, or work table.

### Tiered bench

An open semicircle configuration accommodates flexible group sizes with two tiers of seating. The casual, round setting dismantles office hierarchies and encourages ideas from all around.

# 03

## Workspaces as dynamic as your needs

Rearrange furniture quickly and easily, creating the space you need. No matter how often your needs change.

### Swivel stool

Comfort curves distribute pressure evenly throughout your upper legs with extra support from the wide footrest. The stools swivel for natural conversation.

**Standing height table (39 3/8"H (1000H))**
